The natural choice

Frylite is the trading name of the Frylite Group of Companies, Frylite Ltd, Frylite (Ireland) Ltd and Frylite (Dublin) Ltd. The Company was established in 1988 and has seen phenomenal growth over the last twenty years. The Company has bases in Cork, Dublin, Galway, Coleraine with a new purpose built head office in Strabane. **Frylite's** storage capacity is in excess of 300 tonnes of oil.

Frylite products are complemented by our unique service capabilities – with a large fleet of over twenty vehicles - vans, customised lorries and tankers based at our various facilities throughout Ireland.

Service as a Carrier and Broker under the provisions of the Controlled Waste (Registration of Carriers and Seizure of Vehicles) Regulations (Northern Ireland) 1999. We work with the Environmental Sections of all Councils in Ireland to regularise the Waste Oil Collection processes. **Registration Number ROC 212 Carrier / Broker**

Republic of Ireland

Frylite are holders of all Environmental Protection Agency (EPA) Waste Collection permits covering all counties in the Republic of Ireland authorising us to collect used cooking oils anywhere in Ireland as detailed below.

Republic of Ireland

Customer Focus

Frylite owes its success to the long term partnerships developed by experienced and dedicated staff who insist on excellent customer service. **Frylite** believe in dealing with every customer's individual cooking oil and waste cooking oil requirements.

The Product

Frylite supply a full range of vegetable oils (normally Rapeseed Oils, Soyabean Oils or Sunflower Oils) sourced from leading refineries throughout Europe who meet our stringent quality requirements. Our long-term relationships with these key suppliers mean we have access to timely market information and can provide our high quality complete vegetable oil service package to you at competitive prices.

The Service

Frylite products are complemented by our unique service capabilities – with a large fleet of over twenty vehicles - vans, customised lorries and tankers based at our various facilities throughout Ireland. Frylite deliver not only Fresh Oil, but also a convenient and regular service allowing customers to reduce their waste oil disposal and packaging costs. Frylite will install equipment of a type appropriate to your needs and service this equipment on a regular basis.

Quality and Accreditation

Frylite ensures only consistent high quality oils reach

the supply chain by testing every batch of oil in its own in-house laboratory under our HACCP and Quality control systems. All products entering and leaving our premises carry the assurance that we can provide full traceability from source to final destination. Our continuous commitment to improvement and excellence is demonstrated in our achievement of:

- Grade A Accreditation in the British Retail Consortium (BRC) Global Standard – Food, Issue 4
- Excellence Ireland Hygiene Mark
- Our annual re-validation of these standards benchmark

Environmental Focus

Our systems allow each customer to eliminate their packaging and product

waste. This is not only cost effective, but also environmentally friendly as required in EU waste oil regulations. Frylite use only recyclable containers and having used cooking oil processed for BioFuels results in lower emissions into the environment.

Northern Ireland

Frylite are licensed for waste collection by the Environment and Heritage

Issuing Council	Permit Number	Areas Covered
Dublin City Council	CP D461/3	Dublin City and County
Kilkenny County Council	WCP/KK/186/04	Carlow, Kilkenny, Tipperary, Waterford, Wexford
Limerick County Council	WCP/LK/174/04B	Limerick, Clare, Kerry
Meath County Council	WCP/MH/2004/06B	Cavan, Louth, Meath, Monaghan
